.....

Due to increased postal rates, please include one dollar for postage and packing on orders under ten dollars. Orders over ten dollars will be shipped free of charge.

Some leaves are small, these are taken from young plants and always propagate fast and true.

DOUBLE GUARANTEED. Leaves are guaranteed to reach you in perfect condition or replaced immediately free, postpaid (weather permitting). Complaints must reach me within five days of shipping date. I ship all seasons and take all the risks. If you lose some of the leaves you have bought from me through propagation, (your fault, not mine), I will be glad to replace these free for you on future orders. I cannot guarantee the varieties to propagate true but they are guaranteed to be true to name, state inspected, no insects or diseases and my plants all have been treated with "Sodium Selenate": your only security that your baby plants will be clean and healthy.

FOREIGN ORDERS. I love to ship to foreign lands. If your country demands that the leaves go to your custom's inspector, please include the label in your order. I ask that all foreign customers reimburse me for the amount of postage on their package. They are shipped free to Canada on orders over \$10.00.

I only ship "FRESH CUT LEAVES", (the greatest thrill of violets is in growing your own). I do not ship plants, rooted cuttings, or seeds. No wholesale prices. All orders, except in neighboring states, are sent Air Mail, either Special Delivery or insured for \$15.00 (so they will be brought direct to your door), I send gift leaves in orders over \$5.00.

I do not list varieties I do not have, but please list a few substitutes as some varieties are very limited. This also helps me in selecting your gift leaves.

I acknowledge all orders and will tell you what day to expect your order. Each leaf is labeled.

MINIMUM ORDER - three dollars plus \$1.00 for postage and packing.
